- SPEAKERS -

Anderson, Dr. David - Professor and Extension Economist - Livestock Marketing

Banta, Dr. Jason - Extension Beef Cattle Specialist

Griffin, Dr. Davey - Assistant Professor and Extension Meat Specialist

Perkins, Clint - Wood County Extension Agent

Dear Producers,

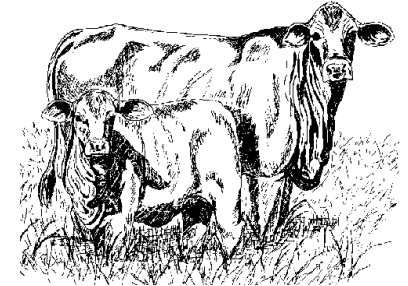

New products, changing health regulations, fluctuating markets ... these challenges and opportunities face today's beef producers. To assist cattlemen in staying informed in these challenging times, the Henderson County Beef Cattle Committee has developed this clinic with you, the producer, in mind. A diverse group of nationally known speakers will address a broad spectrum of topics. Additionally, there will be livestock working demonstrations, cattle exhibits and a product exhibit area. All of this and a great meal to boot! The committee hopes that you will take the opportunity to attend and improve your cattle business.

We hope to see you there!

Educational programs of the Texas A&M AgriLife Extension Service are open to all people without regard to race, color, religion, sex, national origin, age, disability, genetic information or veteran status.
